Comments
explains well
he explains concepts well and in a way that is easy for us to understand.
Very straight forward and easy to understand
His face-to-face tutorials were really helpful
Explains each topic simply.
teaching concepts and topics were very good. easy to understand
nil
At the start of his lessons, Mr. Maurice would recap/ teach the topic and write it down on his laptop/whiteboard which I think is very beneficial to students. and when going through the tutorial questions, his workings are very organized and explanations are all very detailed and clear, which makes it easy to understand and follow. He also provided us with some important pointers such as what to must write in e.g hypothesis testing (Ho H1) etc.
calls ppl up to do the tutorial qns
NIL
he is clear in his teaching
The lecturer is very effective in explaining topics and their contents for us, which aided in my understanding of the subject.
NIL
His explanation for question and answers are short and simple and easy to understand
He explains the topics very well, keeping it simple to understand. He is also approachable and encouraging.
His teaching is clear at times.
very effective lessons, good at teaching
The notes he provided were excellent and helped me understand the topics well.
Informs us what exactly we need to know and study.
I really like this teacher he explains everything really really well i can understand the entire topic in just one lesson.
He tried his best to make sure all students pass their test.
–
The tutorial that he conducts is really helpful and he is also very friendly and approachable.
He is grounded, realistic, and direct. He would help us within reasonable boundaries and try his best to answer our questions until we have a better understanding of the concepts. He also simplifies the content for us so that it is easier to understand
Provides good examples and explains topics well.
He summarized every topic during each tutorial
Give an extra explanation for the topic before the worksheet discussion, provide more notes for students
nil
approachable and able to get my answers from him effectively
a detailed explanation of what and which concepts needed to be used
He will summarise the topic before going through the tutorial questions
He is very knowledgeable in the topic and clears any doubts
Dr Ling's lesson is always fun and engaging and he is able to explain the topics very well.
Being approachable
He goes through questions step-by-step and revisits and revises previous topics if the knowledge needed for a question requires it.
teaches very well, well organised teaching method
shares more about the subject beyond the syllabus
He has done well in when before going through the tutorial he introduces the topics and formulas we need to memorize
He is really good in explaining the concepts and showing examples.
His method of explaining topics made learning fun and easier to understand.
nil
he makes lessons more engaging

Comments
Very helpful teacher, funny and give real-life work experience set in question
He made sure I understood the topics and encouraged me to work harder when I did not do so well.
╰(ಠ_ಠ)╯
explaining the topic at the beginning of each tutorial lesson before going through the tutorial.
The teacher is straight to the point but occasionally talks about other things which makes his lessons enjoyable to be in.
recap during lesson

–
He is very encouraging
nil
He gives some real-life examples sometimes to help us relate better.
Kind and helpful
very approachable and always explains the correct method as simply as possible
tutorials are very helpful because before he starts classes, he goes thru the topic, and this helps to clarify any doubts that i have prior to the tutorials.
explains clearly and clear our doubts
–
Going through the concept in depth before going through the tutorial questions.
he explains well
Very patient and teaches the concepts step by step. Is very easy to follow.
he's very engaging
Giving us plenty of examples to make us understand during tutorials
he is clears any of our doubts no matter how small it is and is really clear in his explanation.
ensures all students understand everything before moving fowards
his tutorials are good and informative. most of my understanding of the subject came from here, made me understand how to do the questions

Explains very clearly
Approachable for learning
he provides extensive examples for us to further understand the rationale of certain topics and how it can help us in our diploma.
examples and easy to understand
He explains the concepts behind the math well
Willing to help
he gives extra videos for excel learning
recorded tutorials are better reference material than the prerecorded lectures
–
ensures that work is done and that we understand the content
He teaches us very well and he taught us the simple but effective method for us to score in that questions.
Hands down best lecturer I've listened to, He is great at explaining the various topics and is very straight to the point so any useless information is cut out and only what is being tested is taught and if we still don't understand he will guide us step by step with simple terms that make the subject easy to understand, also very engaging and friendly.

Comments
The lecturer explains the subject well.
Mr Maurice's tutorial classes on campus are extremely well planned out, he goes through the content and breaks it down with example which helped me understand the topics better.
he explains really well
tutorials were explained in depth and helps me understand the concepts taught better

Help us to understand the topics more and not make us more confuse
when students approach him for clarification, he might not always be there
He does come off as unapproachable and unfriendly at times, which causes us to refrain from asking him questions.
He often drifts off from the main topic and drags out the lessons because of that. His replies are also always sarcastic and it is not useful in our learning.
He could provide more feedback when we have attempted the tutorial questions during physical lessons
I think sometimes he doesn't understand why we don't understand certain things and usually goes faster on some basic things we struggle with when we need more explanation.
more patience
Could be more approachable and helpful when asked questions
more approachable and when going through tutorials it would help a lot if he could slow down
Nothing. He's really amazing.
nil, im just bad at math he tried his best
–
NIL
NIL
Not encouraging.
nothing
Give a 5 mins break during the tutorial hahaha
nil
he can explain the parts clearer as sometimes he confuses himself which confuses us even more
a mindmap or a table for which tests needed to be used. perhaps a step by step on how to calculate or find the test.
He could go through all of the questions in the tutorial and quizzes instead of selecting a few
nil
–
Going through all the questions given
I have nothing as of now, thank you.
nil
some mistakes of answers in during the tutorial lesson which leads to confusion
Nil
NIL
I think the tutor has done a good job in making learning fun for us all.

talk a bit slower please, thank you
nil
Be more compassionate towards students Be less harsh on his comments
He should go through 1 question with us then let us do another. He has done that but sometimes only. I liked the tutorials more afterwards than at the start.

Comments
The lecturer does not answer the doubts of students properly and he does not treat teaching seriously.
NIL
very sarcastic... i also don't understand why he decided to abandon our class when we only have a few weeks to the end of the semester and left us with a tutor whos unsure of the content herself
