A Overall Programme	Trainee Comments
1 If the score is "0 to 6", what are the reasons for the score you gave?	<div>Chloe Tam</div> <div>My colleagues may not required for this course as not relevant to their job scope. But good to have just for their knowledge or if they are interested.</div> <div>Trainee2</div> <div>Not enough printed notes to give out.</div> <div>Trainee3</div> <div>the course was too short</div>
2 If the score is "7 to 8", what improvements can LHUB make for you to give a higher rating?	<div>Trainee1</div> <div>If resources permit, a smaller class size may be better so that the instructor can have more time to focus on individual guidance. Otherwise, good intro class.</div> <div>Trainee2</div> <div>need two days classes , more time to practise</div> <div>Trainee3</div> <div>course duration to be 1.5 days</div> <div>Trainee4</div> <div>Nil</div> <div>Trainee5</div> <div>I would have wanted more time to complete/think through the exercises instead of copying the code, for the latter part of the course.</div> <div>Lim Tiong Chee</div> <div>Basic reading materials or online guide to prepare for the course ahead of time. A bit hard to absorb on the spot.</div>
3 If the score is "9 to 10", what do you like most for this programme?	<div>Denise Quek Chiew Xia</div> <div>practical cases and examples of analysis done</div> <div>Barbudo Edilberto Octaviano</div> <div>the test cases</div> <div>Trainee3</div> <div>The course content is good for beginners</div> <div>Trainee4</div> <div>Everything</div> <div>Mohd zaini</div> <div>More practical</div>
4 What other comments or suggestion do you have?	<div>Trainee1</div> <div>none</div> <div>Trainee2</div> <div>COurse seems overbooked with not enough materials and laptop.</div>
