Dear Dr. van der Walt

I am writing to point out a serious mistake in my article (Article #2023-492, <https://www.scimedjournal.org/index.php/SMJ/article/view/492/pdf>). The published date is stated as 01 June 2023, which cannot be the case since acceptance was only notified on 23 October 2023 (please see acceptance email).

Can the manuscript be published in 2024 instead of 2023, which makes more sense?

Please deal with this urgently.
